

FINANCE 101

IMPORTANT FINANCIAL BASICS FOR YOUNG ADULTS
(16-24 YEARS OLD)

Finance 101 – Money Matters Workshop

As our young adults transition from high school to college or from college to a career, they face many new financial decisions every day. We would like to take this opportunity to meet and share some important tips and pointers about managing their finances.

Topics will include how to track income and expenses through budgeting, keys to staying out of debt, the importance of a clean credit history and how to achieve a good credit score, saving for emergencies and major expenses, and investing in retirement plans upon receiving income.

We hope to help educate the next generation to make informed decisions and prepare them for financial responsibilities that lie ahead in their next phase of life.

The financial advisors of Paragon Financial Services are Registered Representatives and Investment Adviser Representatives with/and offer securities and advisory services through Commonwealth Financial Network®, member FINRA/SIPC, a Registered Investment Adviser.
